FISCAL/INTERMEDIARY AGENCY:*				
STAFF				
Community Coordinator				

* Use the checklist below to describe the benefits of your fiscal agent acting as an "intermediary organization" which shares the common goal of enhancing the performance of service providers. Intermediaries identify and build on the assets of beneficiary organizations as well as identifying areas of need and work to strengthen frontline providers. Please check the services that your fiscal agent or Intermediary Organization will provide, beyond the sound and transparent management of funds. For guidance, go to: https://www.megram.com/pdfs/20%20Questions%20Directors%20of%20Not-for-profit%20Organizations%20Should%20Ask%20about%20Fiduciary%20Duty.pdf and also: http://www.daremightythings.com/pdf/media_center/breakthrough_guide.pdf

(Please delete the instruction, leaving the checklist as the beginning of the section).

☐ **Training**: Providing group learning experiences (such as workshops and seminars) on topics such as leadership development, grant management, fund development, and organizational development.

☐ **Technical assistance**: Addressing specific needs of FBCOs by offering consulting or guidance in one-to-one or small-group settings. Targeted technical assistance may include long-term planning, leadership coaching, financial management, and staff development.

☐ **Re-granting of funds**: Distributing competitive or non-competitive awards to beneficiary organizations. This also requires the intermediary to conduct appropriate oversight of those funds on behalf of the funding agency.

☐ **Organizational assessment**: Analyzing and evaluating an organization's assets and needs, and determining the kinds of support and services required to assist the organization.

☐ **Knowledge sharing**: Linking faith and community organizations to relevant research and studies on promising and effective practices that meet their needs and interests.

☐ **Networking:** Connecting community organizations and their representatives with one another for the purpose of addressing a shared community issue or problem, identifying potential collaborative opportunities, sharing information, and learning promising or effective practices.

Describe the role of the Fiscal Agency or Intermediary Organization in terms of its fiscal responsibilities and how the local process was inclusive and competitive in terms of your selection of specific programs. This description should not exceed one page, beginning here and continuing on a second page. (Development Note: If we can ascertain a checklist for this we will).

Summary of Comprehensive Community Reentry Plan

Summarize the key points of the Comprehensive Community Reentry Plan including assets, barriers and gaps identified in the Parish's Community Assessment, providing a clear and concise picture of local issues, long and short term goals, local priorities, and overall implementation strategies and how the DPSC Overarching LA-PRI Policy (http://www.socialworx.org/la-pri-policy-and-referenced-documents_1-6-18/) will be implemented. Consistent with the Overarching Policy, include a description of your case management strategy and how evidence-based practices will be incorporated into your case management and service delivery approach. Use only the space below beginning with the Vision, Mission and Goals of the LA-PRI and using the suggested narrative as a guide for your response.

The **VISION** of the Louisiana Prisoner Reentry Initiative (LA-PRI) is that every offender released back to the community will have access to the tools needed to successfully reintegrate into the community. The **MISSION** of the LA-PRI is to enhance public safety by implementing a seamless plan of services and supervision developed with each offender—delivered through state and local collaboration—from the time of their incarceration through their transition, reintegration, and aftercare in the community. The fundamental **GOALS** of the LA-PRI are to: (1) **Promote public safety** by reducing the victimization caused by those offenders being released back into the community; (2) **Increase success rates of offenders** who transition from incarceration by fostering effective risk needs management principles, treatment, accountability, and participation by family, community, and victims; (3) **Advocate for the reinvestment** of a significant portion of any savings realized from the implementation of the LA-PRI into programming, services, and other resources.

In _____ Parish, the LA-PRI Vision, Mission and Goals will be addressed by implementing in FY2018/2019 the parish's 1st Annual Comprehensive Community Reentry Plan. The primary assets the parish has in place as part of the Annual Plan include:

The major barriers to using those assets for moderate to high risk/need prisoners include:
The major short-term local priorities and goals include:
The local longer term priorities and goals include:
The major issues that will be addressed in FY2018/2019 are:
After receiving training on the DPSC Overarching LA-PRI policy, and determining locally how best to implement the policy, the strategies that will be employed by the parish include a case management strategy following the LA-PRI Case Logic Model that.....
The local strategy to incorporate Evidence-Based Practices in the local service delivery system includes:

NOTES:

GRAND TOTALSGRAND TOTAL			

The LA-PRISTA suggested funding request levels for Tier I and Tier II LA-PRI parishes in no way obligate DPSC to a funding level. There are no preferences for comprehensive plans or LA-PRI explicit funding built into the legislatively mandated funding process but, obviously, comprehensive plans may score higher than individual programs due to their leveraging of resources, reduction of redundancy and value in achieving greater outcomes with the available resources.

- Pre-Bid conferences will be scheduled by DPSC for potential applicants.
- Additional opportunities for formal submission of questions, with responses accessible to all potential grantees, as state law requires, will also be part of the process.
- The RFP and funding process will be vetted by the Justice Reinvestment Oversight Committee on May 11. The funding, if allocated, will be available in the beginning to mid-July.
- Applications will likely be due in June.
- Funding is not guaranteed nor is the funding level.
- Once the RFP is issued, DPSC cannot communicate with any potential grantees about funding.
- The funding cycle is FY 2019 to match the state's fiscal year of July 1, 2018 to June 30, 2019.
- The DPSC envisions 3-year contracts renewed annually based on performance and outcomes, but subject to fund allocations, with no guarantee of funds.

Notes:
- *To be completed after all other sections and budgets are completed.*
- *The maximum allowable budget level does not indicate the funding level; DPSC retains the right to fund to whatever level is supported by available funds and the quality of the Comprehensive Plan*

LA-PRI PILOT SITE TARGET POPULATION INFORMATION
Using Pipeline2 Data Provided by the Louisiana Public Health Institute (www.socialworx.org/laprista/link)

Education data for inmates are self-reported

A. PROVIDE AN OVERVIEW OF THE CASE MANAGEMENT PROCESS: *Use the checklist and the space below to identify Transition Team members, the Parole representative that will lead the Team and the team member representing the Prison In-Reach Facility identified for your jurisdiction by DPSC in order to develop and implement individualized Reentry Accountability Plans (ReAP). Transition Teams are responsible for providing support to prisoners in the transition planning process and assisting their transition into the community through collaborative case management pursuant to the LA-PRI Overarching Policy, the LA-PRI Case Logic Model, and the Collaborative Case Supervision and Management Model* (www.insert LAPRISTA Link Here). *Transition Team members are expected to provide reentry services and programming directly to prisoners within a facility subject to approval by the Warden of the facility. (You may delete these instructions from the final document).*

☐ The leader of the Transition Team is: _____ Phone: _____ Email: _____

☐ The facility rep is: _____ Facility:_____ Phone: _____ Email: _____

☐ Transition Team members include the following individuals representing the following organizations:

Name: _____ Agency: _____ Phone: _____ Email: _____

Name: _____ Agency: _____ Phone: _____ Email: _____

Name: _____ Agency: _____ Phone: _____ Email: _____

Name: _____ Agency: _____ Phone: _____ Email: _____

☐ The Steering Team has reviewed the LA-PRI Overarching Policy, the LA-PRI Case Logic Model, and the Collaborative Case Supervision and Management Model and agree to follow the policies and procedures in order to implement effective case management in the jurisdiction. (hyperlinks to these documents)

☐ The case management process is used to arrange, advocate, coordinate, and monitor the delivery of a package of services needed to meet the specific offender's needs.

☐ The ReEntry Accountability Plan (ReAP) will define programs or interventions to modify the individual offender's dynamic risk factors that were identified using the TIGER risk/need assessment tool.

☐ ReAPs will be prioritize public safety and provide rational timing and availability of services in order to modify dynamic risk factors using risk management strategies as the basis for those services.

☐ Partners in the case management and development process include the offender, facility staff, parole staff, offenders' families and significant others, human service agencies, and volunteers and faith-based organizations.

☐ ReAPs will delineate the responsibilities of offenders, correctional agencies and system partners in the creation, modification, and effective application of the plans, and hold them accountable for performance of those responsibilities.

☐ ReAPs will provide a long-term road map to achieve continuity in the delivery of treatments and services, and in the sharing of requisite information, both over time and across and between agencies.

☐ Barriers that need to be overcome, and how they will be overcome, in order to implement the case management system include:

B. ***PRISON IN-REACH SERVICE STRATEGY****: Please describe how the local Transition Team will interact with prison pre-release and/or reentry center programs for men and women and with the facility nearest your community when inmates are moved there as part of the implementation of the LA-PRI in FY 2018/2019. Describe how the facility's curriculum has been modified to allow for a greater degree of community engagement in the delivery of programs.*

C. **_INVOLVEMENT OF FAITH-BASED ORGANIZATIONS IN SERVICE DELIVERY SYSTEM:_** _Describe the role of faith-based community in the design of the Comprehensive Plan and in providing support services and supervision for parolees and if you are using a Faith Community Engagement Model such as Healing Communities (www.provide LA-PRISTA link here)_

PART THREE
STATEWIDE *PRIORITY ONE* SERVICE AREAS

Section Introduction: By providing Prison In-Reach and ReEntry Accountability Planning (ReAP) Services through the local Transition Team, FY 2018/2019 service area priorities of housing, employment, education, mental health/substance abuse services, and life skill programs for parolees are paramount for improved individual and system outcomes. Services in these areas, though, must begin with attention to legal and family reunification issues that will need to be addressed or community reintegration will be at risk.

These legal, family reunification and service areas are the top priority of the Louisiana Reentry Advisory Council and the LA-PRI Statewide Implementation Steering Team and have been the topic of state and local level forums for agency and community stakeholders to determine the state's and each community's assets, barriers and gaps in these areas and approaches on how to maximize the assets, overcome the barriers, and eventually reduce the gaps in the services in these areas.

While other service areas are often just as important, there is a recognition that without the fundamentals of housing, employment, education and behavioral health addressed – especially before release – other service areas will likely not succeed.

Jurisdictions are encouraged to identify in the Comprehensive Plan *Priority One* and *Priority Two* Service areas **but must include <u>at least the services in Priority One</u>**.

Since these service areas have been expected to be addressed by LA-PRI Steering Team committees, much of the work needed to complete these sections of the Annual Plan should already be completed.

The results of the state-level committees work to date can be found at www.insertDPSClinkhere.

Note: Documents in this plan which refer to Priority Two Service areas that will not be addressed in FY2018/2019 can be removed from the Comprehensive Plan.

1. Prison In-Reach and ReEntry Accountability Plan (ReAP) Development

(Refer to the LA-PRI Overarching Policy and the LA-PRI Case Logic Model in your response. ([www.insert LAPRISTA link here](#)) Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

2. Legal Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

3. Family Reunification Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

4. Safe, Affordable Housing

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

5. Workforce Development Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.) Workforce development differs from employment and refers to training and certifications which increase employability, and differs from adult education which focuses on fundamental skill building like literacy or GED.

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

6. Employment Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.) Employment Services connect parolees to employment opportunities and provide ongoing support to employer and the employed to sustain the hiring of parolees.

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.**

7. Substance Abuse Treatment

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

8. Mental Health Treatment

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

9. Adult Education

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

10. Life Skills Programs (financial management, cognitive skills, anger management)

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

PART THREE
PRIORITY TWO SERVICE AREAS

By providing Prison In-Reach and ReEntry Accountability Planning (ReAP) Services through the local Transition Team, FY 2018/2019 service area priorities of housing, employment, education, mental health/substance abuse services, and life skill programs for parolees are paramount for improved offender and system outcomes. Services in these areas, though, must begin with attention to legal and family reunification issues that will need to be addressed or community reintegration will be at risk.

These legal, family reunification and service areas are the top priority of the Louisiana Reentry Advisory Council and the LA-PRI Statewide Implementation Steering Team and have been the topic of state and local level forums for agency and community stakeholders to determine the state's and each community's assets, barriers and gaps in these areas and approaches on how to maximize the assets, overcome the barriers, and eventually reduce the gaps in the services in these areas.

While other service areas are often just as important, there is a recognition that without the fundamentals of housing, employment, education and behavioral health addressed – especially before release – other service areas will likely not succeed. Jurisdictions are encouraged to identify in the Comprehensive Plan *Priority One* and *Priority Two* Service areas **but must include at least the services in Priority One**.

Since these service areas have been expected to be addressed by LA-PRI Steering Team committees, much of the work needed to complete these sections of the Annual Plan should already be completed.

The results of the state-level committees work to date can be found at www.insertDPSClinkhere.

Note: Documents related to Priority Two Service areas that will not be addressed in FY2018/2019 can be removed from the Comprehensive Plan.

11. Transportation

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

12. Health Care Services (medical centers, health care clinics, free or low cost prescription coverage)

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

13. Domestic Violence Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

14. Sex Offender Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

15. Victim Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

16. Earned Benefit Programs (veteran benefits, Medicaid services, Social Security, etc.)

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.

17. Law Enforcement Services

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

18. Other: _____

(Delineate any gender responsive strategies and faith-based programs in assets, barriers and gaps, and, if appropriate, in proposed solutions.)

Assets

Please SUMMARIZE the assets available in your community for this service area. Please list specific resources available to the LA-PRI program and related to LA-PRI activities as ATTACHMENT No. 1.

Barriers

Please SUMMARIZE the barriers to providing effective services in this area. Barriers could include existing policies or procedures that regulate the service for returning prisoners.

Gaps

Please SUMMARIZE the gaps in funding for this service area in your community.

Proposed Solutions

*Please SUMMARIZE your community's plan for addressing the gaps and barriers described above. Your solution could include obtaining additional funding to address the gaps, changing policies to overcome barriers, or adapting existing assets to meet additional needs. **For each service delivery gap that you identify as an area for which funding has either been identified or requested, please include the funding in the BUDGET SUMMARY section. For each service delivery gap for which you are requesting LA-PRI funds, please complete a PROGRAM DESCRIPTION as an addendum.***

Comprehensive Prisoner ReEntry Plan
PART FOUR: PERFORMANCE MEASUREMENT & EVALUATION PLAN

The DPSC System Blueprint, the LA-PRI Case Logic Model and the Overarching DPSC LA-PRI Policy provide the following expectations for performance under the Initiative (See www.LA-PRISTA Link here):

Process Outcomes
- Risk/needs assessments are completed at critical points and used to drive case plans that include the use of EBP to reduce risk and address needs;
- EBP drives supervision, treatment, programs and services;
- Inmate readiness for release from prison is defined by having a reentry plan;
- Efforts in prison to address risk and need are sustained in the community; and
- Victims' impact is considered.

Impact Outcomes
- Harm to individuals and communities will be reduced
- Increased victim restitution and responsiveness to victim needs through notification and victim/offender dialogue
- Felony convictions of parolees and Full Term Cases will decrease
- Recidivism of parolees and Full Term Cases (returns to prison within 5 years) will decrease
- Revocations of parolees and probationers will decrease
- Offenders will receive more services as a result of improved risk/need driven case planning
- Technical violations of probationers and parolees will decrease as a result of improved compliance with supervision conditions and services

Provide an overview of the local performance measurement plan and how it will conform to the DPSC Performance Measurement and Evaluation Plan: *Go to the DPSC website (www.DPSC Link here)and review the Department's evaluation plan. Use the space below to explain how you will comply.*

UNDER DEVELOPMENT

Notes:

- Once DPSC describes the evaluation plan – including the use of Time-to-Failure Analyses being developed by the Louisiana Public Health Institute (LPHI), DPSC and the Center for Justice Innovation – this section will include a checklist rather than a narrative.

- For more information on the LPHI Time to Failure Analyses that is under development, go to: www.Insert LPHI link here.

- Much of these are global or systemic measures that service providers will not be able to capture and will need to be translated into specific data points/evaluation measures expected by local LA-PRI Steering Teams and their community service providers along with specific instructions on what outcomes/evaluation measures they will be required to capture in order to comply with state funding requirements

- LA-PRISTA will develop an evaluation committee to work with one that is expected to be formed at the LA-PRI State-level IST.
